Mrs. Winslow's Soothing Syrup. Rev. SYLVANUS COBB thus writer in the Boston Chr stian Freeman : We would by no means recom mend any kind o medicine which we did not know to be good- articularly for infants. But of Mrs. Win low's Soothing Syrup we can speak from knowledge; in our own family it has proved a ble-sing indeed, by giving an infant troubled with colle pains, quiet sleep, and its parents unbroken rest at night. Most pare to can appreciate these blessings. Here is an article which works to per fection, and which is harmless; for the sleep which it affords the infant is perfectly natural, and the little cherub awakes as "bright as a button." And during the process of teething, its value is incalcuiable. We have frequently heard mothers say they would not be without it from the birth of the child till it had finished with the teething stege on any consideration whatever. Sold by all druggists.

Rule at Tuckaleechee.

Остовев 9, 1882. Ms. Eprros: A large number of the citizens of this vicinity assembled at Tuckaleechee Camp Ground to-day to listen to a speech from Hon. Wm. Rule, Republican candidate for Congress. His speech was listened to with intense interest from beginning to end, and elicited frequent applause. In his introductory remarks he very beautifully alluded to the sacred associations connected with the place as having been the place where his fathers and kindred had worshipped in years gone by, and to the peculiar circumstances of his first visit to our beautiful valley, in the dark days of 1861, when the late enator Brownlow, hounded and hunted by the enemies of the Union, and compelled to leave his home, sought and found a place of refuge in the mountains of Blount, and that when the bridges were burned that he came to bear the message to Brownlow. For a long period of time it had been customary for candidates for the offices of Governor and Congress to meet discussion on political issues of the day, and that four weeks ago he had written a note to Mr. Houk inviting him to a joint discussion but thus far had received no reply, he regreted that Mr. Houk was not present but this was not his fault.

He then defined his position on the questions likely to come up in the next Con-gress, the tariff was one that had agitated the country for half a century and was likely still to do so upon this as well as upon the question of internal improvements by the general government, he was an old line Whig, and that he was in favor of pensioning the soldiers of the Mexican war, that through their valor our National domain had been extended, and our wealth largely increased. He then took up Mr. Houk's public record and showed that out of 127 | 0.4. Java...... roll calls he only answered to 15, and that, as to the claims and pensions growing out of the war, which Mr. Houk claimed to have been instrumental in procuring, would have been paid if Mr. Houk had not been in Congress, except one pension which he procured for himself, of something over 3,000, and fifteen dollars per month, and that went through in about six weeks. He also showed that when the late lamented President Garfield had dared to exercise the right vested in him by the Constitution in the appointment of Robertson as Collector of Customs at New York, for which Roscoe Conkling made war upon the President, that Houk placed himself side by side with Conkling, and declared that the President's name would go down with infamy. He then alluded to Houk's Sabbath morning excursion in Washington City, and of his and made a quotation from his opera-house speech about the attempts made to poison um. Mr. Rule closed amidst the cheers of You may expect a good report in Novem-

ber from the 15th district of old Blount. For Dyspepsia, Indigestion, Depre-s sion of Spirits and General Debility, in their various forms; also as a preventive against Fever and Ague, and other intermittent Fevers, the "Fherro-Phosphorated Elixir of Calisaya," made by Caswell, Hazard & Co., New York, and sold by all Druggists, is the best tonie; and for patients recovering from Fever or and other sickness, it has no equal.

From Emert's Cove. EMERT'S COVE, SEVIER COUNTY, Oct. 5. MR. EDITOR: Captain Rule was escorted by J. P. Shultz, from Jones' Cove, to the second district in Sevler County, (Emert's Cove), which met the largest audience ever assembled at this place to hear a political speaker. Mr. Rule was introduced by J. P. Shultz very politely, after which Mr. Rule proceeded. First, showing that he was not put out by the Democrats, as had been accused, showing the names of the gentlemen who nominated him in a pamphlet which position as a Republican, telling the people that he had been engaged in journalism for and was not here to apologize for his past man of his own party for a seat in Congress. He said that this being his object, he had a right, not only a right, but he felt it their approval or disapproval. Mr. Rule then took up Houk's public record and delt with it in such a way that the

most fastidious of Houk's friends could not find reason for being offended, while the more thoughtful ones of them must have blushed that he was unwilling to meet so fair an opponent on the stump to defend his record. The vituperations and vile abuse so frequently mentioned by the editor of the Kuoxville Republican and its correspondents was heard nowhere in Mr. Rule's remarks. His speech was a plain statement of facts, based upon the records and backed by good proof, delivered with elegance and ease, and eloquent and convincing in its effect. Mr. Kule's friends here are highly pleased with his manner of dealing with his competitor on the stump, and doubly assured that such a course must enbest men of the country in his

The entire audience gave marked attention, notwithstanding it was agreed on by Houk's friends to have a haraugue by an Houkite which was to follow Mr. Rule, but failed, as their boss has in divers instances.

October 12, 1882 MR. EDITOR: Capt. Wm. Rule, the Republican nominee for Congress, for the Second district of Tennessee, spoke on the 10th inst., to a large and well-ordered audience, at Pickens' school-house, which is sit-County. This district-the 10th-is large

ly for Rule. There was a respectable audience out to hear Capt. Rule, among whom Hon. Wm. Rule, Republican candidate for Congress, will address he people at the following times and places:

BOANE COUNTY.

Were several ladies. A stranger could tell who is to speak, Rule or Houk, by the presence or absence of the ladies, the former is nearly always honored with their

presence; the latter—never! Capt. Rule's speech was well received by the audience he made a good impression He makes no attempt at rhetorical flights but states facts in a plain, business-like man ner. What few Houk men that were pres ent, looked considerably crest fallen, at the close of the speech. They felt that the tide had set in against them—a spring tide at

The majority of intelligent, sober-think-ing men of this part of the county are for Rule. If all parts of the district are as strong for Rule as this, we will "snow Houk under" in November, till he will be as se cure as he was while in cell No. 5. Prof. H. M. Sherwood, Republican candidate for the State senate, was present, and made a good, well pointed speech.

Very respectfully, Sargon.
